BACHELOR OF COMPUTER APPLICATION PROGRAMME

BCA PROGRAMME

The 3-year degree programme provides fundamental education in computer applications and creates high caliber solution architects and innovators for software development. The main objectives of BCA Programme at GJIMT is to make students industry ready for becoming system analysts, system engineers, software engineers and programmers.

PROGRAMME OBJECTIVES

- Developing systems thinking and abstract thinking skills to analyze and synthesize data through extensive problem solving sessions.
- Aims to provide hands on practical experience for various hardware/software environments to enable technological adaptation.
- Enhance social interaction skills, communication skills , life skills, entrepreneurial skills and research skills which are necessary for career growth and for leading quality life.

SCOPE FOR EMPLOYMENT

- A plethora of opportunities in application development, software testing & maintenance.
- Options to pursue MCA, M.Sc.(IT) & MBA.
- Work as system analysts and database administrators in IT enabled service sector.

Software Developer	Networking	Software Architect
Software Engineer	Games Programmer	Database Designer
Database Manager	Network Administrator	Web Development
Programming	Programming specialist	IT Project Manager

CAREER DEVELOPMENT & PLACEMENT OPPORTUNITIES

GJIMT offers a strong industry exposure based teaching pedagogy. GJIMT has hosted well known IT companies during its placement process like Infosys, TCS, IBM etc. GJIMT's TPC (Training, Placement & Consultancy Cell) works with a very remarkable approach to foster the student growth. We see learning as an ongoing process and we make efforts towards delivering the same from the very first day of campus induction.
