

#### **4.2.1 Library is automated with digital facilities using Integrated Library Management System (ILMS), adequate subscriptions to e-resources and journals are made. The library is optimally used by the faculty and students.**

The GJIMT Library is a key academic resource center that plays a vital role in supporting the educational needs of students and faculty. It boasts a substantial collection, including 16,741 books, 81 national journals, 18 international journals, 11 magazines, 10 newspapers, and 1,000 CDs, along with numerous articles, newsletters, and project files. This diverse array of resources covers management and information technology comprehensively.

##### **Library Sections:**

1. **Reference Section:** This essential section provides a wide selection of textbooks and academic materials crucial for curriculum support. It is well-organized to ensure easy access for both students and faculty. Regular updates keep the collection current, reflecting the latest developments in various fields.
2. **Competition Section:** Dedicated to students preparing for competitive exams, this section includes 100 carefully chosen books to aid in preparation for entrance tests, government exams, and other competitive assessments. The resources offer comprehensive knowledge and practice opportunities to help students succeed in their exams and achieve their academic and career goals.
3. **Indian Knowledge System (IKS) Section:** This unique section focuses on preserving and promoting India's intellectual heritage. It features around 100 books on traditional Indian Knowledge Systems, including sciences, arts, culture, and philosophy. This section supports a deeper understanding of India's ancient wisdom and its relevance today.

##### **Library Automation and Digital Resources:**

The library utilizes E-Granthalaya, an advanced management software that streamlines cataloging, circulation, and tracking of resources, enhancing efficiency and user experience. It subscribes to various e-resources, including a digital section with 10 computer systems providing internet access for exploring e-databases, e-journals, and e-books. Access to the National Digital Library of India (NDLI) further enriches the library's offerings with over 700,000 books, 300,000 research papers, and 95,000 theses, supplementing its physical collection.

### **Role in the Academic Bank of Credits (ABC):**

The library assists students in registering with the Academic Bank of Credits (ABC) system, offering support and guidance to help them navigate the process. The credits on course completion are awarded by the affiliating university. By facilitating access to a diverse array of learning materials, the library aids in credit accumulation and transfer, ensuring alignment with the flexible learning paths promoted by the ABC initiative.

### **Facilities and Services:**

The library is designed to be user-friendly, offering photocopying services, access to old university question papers, and a display rack for new arrivals. It is inclusive, with resources like a Braille keyboard and Non-Visual Desktop Access (NVDA) software to assist visually impaired students. With daily visits from 150-200 students and 15-20 faculty members, the GJIMT Library remains a dynamic hub of academic activity. Its well-organized sections, digital resources, and support for the ABC initiative make it a cornerstone of the academic experience at GJIMT, fostering a rich and supportive learning environment for all users.
