

Programme: Bachelor of Computer Applications

Semester II

UGCA1912

Computer System Architecture Laboratory

Course Outcomes (COs)

CO#	At the end of the course, the student will be able to:
CO1	Identify various types of Gates and Circuits
CO2	Highlight the functioning of various gates and circuits
CO3	Validate the outcome of various gates and circuits
CO4	Differentiate between the various types of gates and circuits
CO5	Outline the use of each type of gate and circuit
